Executive Summary

City of Indianapolis

Parks and Recreation Citizen Survey **Executive Summary Report**

Overview of the Methodology

ETC/Leisure Vision conducted a City of Indianapolis Parks and Recreation Citizen Survey summer of 2015 establish priorities for the future improvement of parks and recreation facilities, programs and services within the City of Indianapolis as part of its Parks and Recreation Master Plan update. The survey was designed to obtain statistically valid results from households throughout the City of Indianapolis. The survey was administered by mail, web and phone.

ETC/Leisure Vision worked extensively with the City of Indianapolis officials in the development of the survey questionnaire. This work allowed the survey to be tailored to issues of strategic importance to help plan the future system.

A seven-page survey was mailed to a random sample of households throughout the City of Indianapolis. Approximately three days after the surveys were mailed each household that received a survey also received an automated voice message encouraging them to complete the survey.

The goal was to obtain a total of at least 900 completed surveys. ETC/Leisure Vision met that goal with a total of 915 surveys completed. The results of the random sample of 915 households have a 95% level of confidence with a precision rate of at least +/-3.2%.

The following pages summarize major survey findings.

Major Findings:

Park Usage and Ratings

- ❖ **Whether or Not Residents Have Visited Any Indy Parks Over the Past 12 Months:** Eighty-one percent (81%) have used the facilities over the past 12 months, while 19% indicated they had not used parks. Of households who have visited parks, 64% used *walking and biking trails* the most over the past 12 months. Other most used facilities include: Nature trails (49%), Picnic areas/shelter (48%), Playgrounds (44%), and Outdoor swimming pools/water parks (24%).
- ❖ **Signature Parks that Households Have Visited During the Past 12 Months:** Based on the percentage of respondent households who used or visited Signature Parks, 51% used the *Eagle Creek Park*. Other Signature Parks visited include: Garfield Park (34%), Holliday Park (26%), Riverside Park (17%), and Other (18%).
- ❖ **Parks Residents Would Support Being Upgraded to Signature Parks:** Thirty-four percent (34%) of respondent households would support *Broad Ripple Park* being upgraded to a Signature Park. Other parks residents would support being upgraded to a Signature Parks: Ellenberger Park (22%), Southeastway Park (22%), and Riverside Park (21%).
- ❖ **How Respondent Households Rate the Overall Physical Condition of All the Parks, Trails and Outdoor Recreation Facilities:** Sixty-five percent (65%) of respondent households rate the overall physical condition of the parks, trails and outdoor recreation facilities visited over the past 12 months as *good*. Other ratings include: Good (65%), Fair (23%), excellent (9%), and poor (2%).

Program Usage and Satisfaction

- ❖ **Household Participation in Recreation Programs Offered by the City During the Past 12 Months:** Eighty-five percent (85%) have not participated in recreation programs offered by the city during the past 12 months, Fifteen percent (15%) have participated in recreation programs offered by the city during the past 12 months.
- ❖ **Overall Satisfaction with Program Services Provided by Indy Parks:** Based on the percentage of respondent households who were either “very satisfied” or “somewhat satisfied,” Seventy-two percent (72%) are satisfied with the times programs are offered. Respondent households are also satisfied with the location of programs (73%), quality of instructors (70%), and quality of the facility where the program is offered (70%).

- ❖ **Program Experiences that Are Most Important to Respondent Households Enjoyment of Programs:** Based on the percentage of respondents who chose the program experience as one of their top two choices, (52%) chose location of programs. Other most important program experiences include: times programs are offered (43%), fees charged for value received (30%) and quality of instructors (17%).

Usage of Organizations

Overall

- ❖ **Organizations Household Have Used for Indoor and Outdoor Recreation Programs and Services During the Past 12 Months:** Based on the percentage of respondent households who used organizations for indoor and outdoor recreation programs and services, (41%) used Indiana State Parks over the past 12 months. Other most used organizations include: Churches/Houses of Worship (35%), school facilities (35%), Indianapolis Parks and Recreation Department (34%) and Private clubs (23%).

Usage by Age

- ❖ **Ages 0-9:** Based on the percentage of respondent households Ages 0-9 who used organizations for indoor and outdoor recreation programs and services, (9%) used school facilities over the past 12 months. Other most used organizations include: Churches/Houses of Worship (5%), and Indianapolis Parks and Recreation Department (4%).
- ❖ **Ages 10-49:** Based on the percentage of respondent households Ages 10-19 who used organizations for indoor and outdoor recreation programs and services, (13%) used school facilities over the past 12 months. Other most used organizations include: Indiana State Parks (4%), and Indianapolis Parks and Recreation Department (4%).
- ❖ **Ages 20-34:** Based on the percentage of respondent households Ages 20-34 who used organizations for indoor and outdoor recreation programs and services, (9%) used Indiana State Parks over the past 12 months. Other most used organizations include: Indianapolis Parks and Recreation Department (8%), and Churches/Houses of Worship (6%).

- ❖ **Ages 35-54:** Based on the percentage of respondent households Ages 35-54 who used organizations for indoor and outdoor recreation programs and services, (15%) used Indiana State Parks over the past 12 months. Other most used organizations include: Indianapolis Parks and Recreation Department (12%), and Churches/Houses of Worship (8%).
- ❖ **Ages 55 and older:** Based on the percentage of respondent households Ages 55 and older who used organizations for indoor and outdoor recreation programs and services, (11%) used Churches/Houses of Worship over the past 12 months. Other most used organizations include: Indianapolis Parks and Recreation Department (10%), and Indiana State Parks (10%).

Facility Needs and Importance

- ❖ **Households that Have a Need for Parks and Recreation Facilities:** Seventy-four percent (74%) of respondents or 244,166 households have a need for *walking trails*. Other programs respondent households have a need for include: Picnic areas/shelters (61% or 203,970 households), large regional parks (61% or 202,309 households), and small neighborhood parks (61% or 201,645 households).
- ❖ **Recreation Facilities that Are Most Important to Respondent Households:** Based on the percentage of respondents who chose the facility as one of their top four choices, 40% indicated *walking trails* as the most important facility to their household. Other most important programs include: Small neighborhood parks (23%), picnic areas/shelter (21%), and natural areas (21%).

Program Needs, Importance, and Usage

- ❖ **Households that Have a Need for Parks and Recreation Programs:** Fifty-one percent (51%) of respondents or 168,093 households have a need for *adult fitness and wellness*. Other programs respondent households have a need for include: water fitness programs (32% or 104,975 households), nature education programs (30% or 99,328 households), and outdoor adventure programs (30% or 98,331 households).
- ❖ **Recreation Programs that Are Most Important to Respondent Households:** Based on the percentage of respondents who chose the facility as one of their top four choices, 36% indicated *adult fitness and wellness* as the most important program to their household. Other most important programs include: Water fitness programs (17%), nature education programs (14%), and youth learn to swim programs (13%).

- ❖ **Recreation Programs that Respondent Households Participate in Most Often:** Based on the percentage of respondents who chose the facility as one of their top four choices, 15% used adult fitness and wellness programs most often. Other programs respondents participate in most often include: Nature education programs (9%), golf (8%), and large special events (7%).
- ❖ **Ways Respondent Households Learn About Indy Parks Programs and Activities:** Fifty-five percent (55%) of respondent households learn about City programs and activities through *word of mouth*. Other ways respondent households learn about programs and activities offered by the Indy Parks include: Newspaper (40%), television (36%), and from friends and Indy Parks website (27%).
- ❖ **Reasons That Deter Respondent Households from Using Indy Parks, Recreation Facilities or Programs More Often:** Forty-three percent (43%) of respondent households did not use facilities or programs more often because they *did not know what is being offered*. Other reasons include: Too busy (33%), too far from residence (30%), program or facility not offered (22%) and facilities not well maintained (21%).

Support for Future Potential Actions

- ❖ **Level of Support for Having Indy Parks Improve Parks and Recreation Facilities:** Based on the percentage of respondent households who were either “very supportive” or “somewhat supportive,” 87% support the improvement of existing small neighborhood parks. Other similar levels of support include: Improve existing large community signature parks (84%), improve existing large, paved walking and biking trails (82%), improve existing nature preserves (82%), and improve existing nature centers (78%).
- ❖ **Potential Actions that Are Most Important to Respondent Households:** Based on the percentage of respondents who chose the action as one of their top four choices, (43%) indicated improve existing small neighborhood parks as the most important action to their household. Other most important actions include: improve existing large, paved walking and biking trails (32%), develop new trails that connect to existing trails (30%), and develop new indoor community centers (29%).

Funding

- ❖ **Percentage of Program Costs Respondent Households Think Should be Paid by Taxes and User Fees:** Based on the percentage of respondent households who think costs should be paid by “100% fees/0% taxes” or “75% fees/25% taxes,” fifty-two percent (52%) indicated adult classes should be paid mostly in fees . Other programs that respondents indicated should be paid mostly in fees are: adult sports programs (54%) and special events and festivals (41%). Based on the percentage of respondent households who think costs should be paid by “100% taxes/0% fees” or “75% taxes/25% fees,” sixty-six percent (66%) indicated programs for special populations should be paid mostly by taxes. Other programs that respondents indicated should be paid mostly by taxes are: programs for low income residents (58%), and youth sports programs (39%).
- ❖ **How Respondents would allocate \$100 for Parks and Recreation Facilities in Indianapolis:** Based on dollar amount, residents would allocate \$26 to maintain/upgrade existing outdoor facilities. Other allocations of dollar amounts include: Upgrade and develop new walking, biking and nature trails, maintain/upgrade existing indoor facilities (\$16), develop new indoor facilities (\$16), develop new outdoor facilities (\$13), and other (\$5).

Overall Satisfaction with Parks and Recreation Department

- ❖ **Overall Satisfaction With the Value Respondents Receive from City Parks and Recreation Services:** Forty-one percent (41%) of respondent households are *somewhat satisfied* with the value their household receives from the City parks and recreation services. Other levels of satisfaction include: Very satisfied (15%), neutral (36%), somewhat dissatisfied (5%), and very dissatisfied (3%).

Section 3

Benchmarks

National Benchmarking

Since 1998, Leisure Vision (a division of ETC Institute) has conducted household surveys for needs assessments, feasibility studies, customer satisfaction, fees and charges comparisons, and other parks and recreation issues in more than 700 communities in over 45 states across the country.

The results of these surveys has provided an unparalleled data base of information to compare responses from household residents in client communities to “National Averages” and therefore provide a unique tool to “assist organizations in better decision making.”

Communities within the data base include a full-range of municipal and county governments from 20,000 in population through over 1 million in population. They include communities in warm weather climates and cold weather climates, mature communities and some of the fastest growing cities and counties in the country.

“National Averages” have been developed for numerous strategically important parks and recreation planning and management issues including: customer satisfaction and usage of parks and programs; methods for receiving marketing information; reasons that prevent members of households from using parks and recreation facilities more often; priority recreation programs, parks, facilities and trails to improve or develop; priority programming spaces to have in planned community centers and aquatic facilities; potential attendance for planned indoor community centers and outdoor aquatic centers; etc.

To keep the benchmarking data base current with changing trends, Leisure Vision’s benchmarking data base is updated on an annual basis.

Results from household responses for the City of Indianapolis were compared to National Benchmarks to gain further strategic information. A summary of all tabular comparisons are shown on the following page.

Note: The benchmarking data contained in this report is protected intellectual property. Any reproduction of the benchmarking information in this report by persons or organizations not directly affiliated with the City of Indianapolis is not authorized without written consent from Leisure Vision/ETC Institute.

Benchmarking for Indianapolis Parks and Recreation Citizen Survey			
		<i>National Average</i>	<i>City of Indianapolis 2015</i>
Has your household visited any parks or facilities during the past year?			
Yes		79%	81%
No		21%	19%
How would you rate the quality of all the parks/ <u>facilities</u> you've visited?			
Excellent		31%	9%
Good		54%	65%

Survey Instrument

A Few Minutes of Your Time Will Help Make Indy Parks a Better System for the Residents Who Live, Work and Play in the City!

Dear Valued City of Indianapolis Resident:

Your response to the enclosed survey is extremely important...

Indy Parks is conducting a Community Attitude and Interest Survey to establish priorities for the future improvement of parks and recreation facilities, programs and services within the City of Indianapolis as part of its Parks and Recreation Master Plan update. Your household was one of a limited number selected at random to receive this survey, therefore, your participation is imperative.

We appreciate your time...

We realize that this survey will take approximately 10 minutes to complete, but each question is meaningful. The time you invest in completing this survey will aid Indy Parks in taking a resident-driven approach to guiding decisions that will enrich the future of the City of Indianapolis and positively affect the lives of its citizenry.

Please complete and return your survey within the next two weeks...

We have selected ETC Institute/Leisure Vision, an independent agency, as our partner to administer this survey. They will compile the data received and present the results to Indy Parks and the Park Board. **Your responses will remain confidential.** Please return your completed survey in the enclosed postage-paid envelope addressed to ETC Institute, 725 W. Frontier Circle, Olathe, Kansas 66061.

If you'd prefer to complete the survey over the web please visit:
www.indyparkscitizensurvey.org

If you have any questions, please feel free to contact Nick Deardorf with PROS Consulting at nick.deardorf@prosconsulting.com. The Community Attitude and Interest Survey is a tool that will benefit all residents. Please take this opportunity to let your voice be heard!

Sincerely,

John W. Williams
Director of Indy Parks

Indianapolis Parks and Recreation Citizen Survey

Your input is an important part of the City of the Indianapolis Parks and Recreation Department's ongoing effort to provide quality services to the citizens of Indianapolis. This survey will take only 10-15 minutes to complete. When you are finished, please return your survey in the enclosed postage-paid, return-reply envelope. Thank you for your valuable input!

1. Counting yourself, how many people in your household are?

Under age 5	_____	Ages 20-24	_____	Ages 55-64	_____
